

MOVING ABROAD WITH PETS CHECKLIST

Before travelling to/from the UK you need to make sure your dog is:

Micro chipped

Vaccinated against rabies

Has a negative blood test by an EU-approved laboratory to show they do not have rabies

Has a pet passport (this is issued by a licensed vet)

Treated for ticks and tapeworms not less than 24 hours and not more than 48 hours before the journey back to the UK

Travels via PETS approved sea, air and rail routes

NOTES:
